

## ADVISES PRESIDENT TO WORK FOR TAFT

Dietrich Says Assailing  
Bryan Is Not German or  
Effective With Voters.

The President has had a suggestion from at least one frank adviser that he should devote his energies to boosting Taft rather than answering Bryan and others.

This adviser was former Senator Dietrich of Nebraska, who called upon the President this morning.

"I told the President that it would be much better to tell the people about Taft's good qualities rather than to attempt to show up the bad qualities of his opponents," said the former Senator. "That's rather a reproach to the President himself, is it not?" asked a correspondent.

"Well, I can't help that," was Mr. Dietrich's reply. "It's something all of them should heed. This card writing controversy has now reached the stage where it is merely a question of 'You're another' and this does 'nobody any good whatever. The matters are so trivial and insignificant that no one takes any interest in them and it obscures the real issue."

"I must Taft and tell what a great man he is and why he should be elected, rather than writing about other matters that are subsidiary and of little moment."

Mr. Dietrich did not say how the President received the advice. Beyond this, he brought the Executive some rather encouraging news about Republican chances generally and assured the President that Nebraska might be taken out of the doubtful column and placed with the Republicans.

## DAVIS AND MRS. RICE TO TAKE THE STAND

Insurance Companies Begin Fight  
Against Payment of Dr.  
Rustin's Policies.

OMAHA, Neb., Oct. 2.—Charles Davis, charged with the murder of Dr. Frederick Rustin, and Mrs. Abbie C. Rice, have been summoned to appear in court today, to answer questions propounded by insurance companies regarding the Rustin tragedy.

Eleven questions regarding the shooting will be asked Mrs. Rice, and eight questions will be asked Davis. The questioning is preliminary to a legal fight over the payment of insurance which Rustin carried in favor of his wife and children. It is expected Davis will refuse to answer most of the questions asked him.

## YOUNG MAN MISSING; POLICE NOTIFIED

Friends of Archer Murray, twenty years old, who has been missing for the last three weeks from his home, 416 Tenth street southeast, believe that the young man left Washington to find employment. About three months ago he lost his position with a carriage company, with whom he had been employed for three years, and, unable to find work in the city, it is thought he went to New York.

Murray was an enthusiastic baseball player, and during the past season was manager of the Wallach team, one of the strongest amateur teams in the city. The police some time ago were asked to look for Murray.

Death notices inserted in The Washington Times will, on request, be published in the next issue of The Baltimore News or The Philadelphia Evening Times without further charge.

## ANTI-TRUST FIGHT AGAIN TO THE FORE

Campaign Issue in New England May Develop in New Haven Suit.

BOSTON, Oct. 2.—The anti-trust litigation which has sunk from public notice during the last few months, is likely to again become an issue in the political campaign throughout New England.

United States District Attorney Asa P. French will today ask the United States Circuit Court for a speedy hearing in the Government's suit against the New York, New Haven and Hartford railroad and its allied corporations, the Consolidated railway and the Providence Securities companies.

These actions are brought under the Sherman anti-trust law to restrain the New Haven from controlling the Boston and Maine railroad and the interstate trolley lines of New England. Under the Sherman law the Government may ask precedence for such cases, and it is probable that a hearing will be held before election. In this event, the arguments will be seized as campaign material by both Republicans and Democrats.

Among friends of the couple, it was generally understood that the countess had an almost limitless fortune. Nobody was aware that it was fast falling through the fingers of its owners. The lavish hospitality of the couple made them conspicuous figures in the winter colony.

At the time of the count's marriage to Mrs. Donner, he relinquished his connection with newspaper work and devoted himself to the management of his wife's estates. Their summer were spent at the beautiful farm in New Jersey, where the sheriff's sale is now being conducted.

## Last Day of the Record Sale

We would have been satisfied to have surpassed the record of the Slaymake sale of this time last year by even a small margin, so immense was the amount of business involved. We have not only eclipsed the record, but have left it way behind, reaching the top notch of our selling career. Tomorrow is the third day, and we mean for it to be the greatest. Intense rivalry among the department chiefs for first honors has resulted in the most remarkable list of bargains ever presented.

## 25 Imported Paris Hats, \$35.00

Worth \$60.00 to \$100.00, Choice.....

These hats are the highest type of French millinery. They were displayed during our opening and aroused the admiration of all who saw them. Having served their purpose as models, we will close them out tomorrow at one-third to one-half the regular prices.

Our Mr. Harry King personally selected these beautiful creations in Paris, from among hundreds of new productions, after an exhaustive study of the new styles. Included are hats from Marie Louise, Georgette, Virot, Carlier, Lewis, Ester Meyer, Caroline Reboux, and other millinery authorities. Immense drooping shapes with sweeping ostrich plumes, aigrettes, and brilliant metal ornaments predominate.

There are also large oval effects, and more conservative shapes. Black, white, and all the new colors. Worth \$60.00 to \$100.00. Choice, \$35.00.

## Trimmed Hats at \$4.95, \$7.95 and \$9.95

We feature these three lots of hats as the best examples of hand-made millinery to be found at anywhere near the respective prices. In fact, most stores ask double for such beautiful millinery. The models are developed from the most exclusive French hats, as well as from the prevailing American ideas. Many are faithful copies of originals that sell at fabulous prices. Our milliners have excelled even their best records this season, producing headwear that is the wonder of Washington, when the modest prices are considered. Five hundred superb new styles constantly displayed. Not a whim of fashion, but is correctly expressed. Our leaders at \$4.95, \$7.95, and \$9.95.
